Sponsored by: Mercer County Healthcare Disaster Preparedness Coalition (MCHDPC) & Auglaize County Healthcare Preparedness Coalition.

The Mercer County Healthcare Disaster Preparedness Coalition (MCHDPC) & the Auglaize County Healthcare Preparedness Coalition are voluntary groups that provide or support health services in Mercer & Auglaize Counties. The goals are to maximize healthcare response capabilities and minimize healthcare system interruption during emergencies by planning together to identify and fill gaps. Recruitment of members is ongoing. The Coalitions meet semi-annually to engage in planning, completing training and exercises. The Coalitions will work to support the restoration of community healthcare systems, including public health, medical, and mental/behavioral health, post-disaster.
